Impact Sports Rehab is a chiropractic and acupuncture clinic located in downtown Oswego! Our goal is to work together with the patient to not only recover, but return them to their sport or activity in a better condition than they came to us in. Dr. Lindsey Wienckowksi and Dr. Brandon Polaskey use a combination of adjustments, manual therapy, and rehabilitation exercises to improve specific movements and strength according to the patient's needs. The adjustments and manual therapy are performed in order to restore movement in the joints and musculature. The rehabilitation exercises are performed to target your functional strength and balance. We work to educate the patient on the strategies to empower them to maintain their recovered state.
